**PROXY STATEMENT**

---

**INFORMATION CONCERNING SOLICITATION AND VOTING**

We are soliciting proxies from our stockholders to vote at our 2016 Annual Meeting of Stockholders, or at any continuation, postponement or adjournment thereof, for the purposes discussed in this proxy statement. The annual meeting will be held at 4:00 p.m. local time on Thursday, February 11, 2016 at the offices of Locke Lord LLP, located at 111 Huntington Avenue, Boston, Massachusetts 02199. For directions to the offices of Locke Lord LLP in order to attend the annual meeting in person, please visit the “Investors – Calendar of Events” section of our website at [www.enanta.com](http://www.enanta.com) or contact Investor Relations at (617) 607-0710.

The proxy materials, including this proxy statement, the proxy card and our 2015 annual report to stockholders, are being distributed and made available on the Internet at the “Investors – Calendar of Events” section of our website at [www.enanta.com](http://www.enanta.com) on or about January 13, 2016.

This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

All references in this proxy statement to a particular year, e.g. 2015, refer to our twelve-month fiscal year ended on September 30 of that year, e.g. September 30, 2015, unless the context indicates otherwise.

**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING**

*Why did I receive these materials?*

We are soliciting proxies for our annual meeting of stockholders to be held on Thursday, February 11, 2016. You are receiving a proxy statement because you owned shares of our common stock on January 5, 2016, the record date for the special meeting, and that ownership entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting.

*When and where is the Annual Meeting?*

The annual meeting will be held at the offices of Locke Lord LLP, located at 111 Huntington Avenue, Boston, Massachusetts 02199 at 4:00 p.m. on Thursday, February 11, 2016, or at any future date and time following an adjournment or postponement of the meeting.

*What proposals will be voted on at the Annual Meeting?*

The two proposals to be considered and voted on at the annual meeting, as set forth in the accompanying Notice of Annual Meeting of Stockholders, are (i) the election of two Class III directors, and (ii) the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2016 fiscal year.

As far as we know, the only matters to be brought before the annual meeting are those referred to in this proxy statement. If any additional matters are presented at the annual meeting, the persons named as your proxies may vote your shares in their discretion.

## [Table of Contents](#)

### *Do I have to attend the meeting to vote?*

No. If you want to have your vote count at the meeting, but not actually attend the meeting in person, you may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. The following summary outlines the various procedures for voting:

#### *Stockholder of Record: Shares Registered in Your Name.*

If on January 5, 2016 your shares were registered directly in your name with our transfer agent, then you are a stockholder “of record.” If you are a stockholder of record, you may vote in person at the annual meeting or by mail. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy. Voting in person will revoke your proxy. There are two ways to vote:

- To vote in person, please come to the annual meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, please complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

#### *Beneficial Owner: Shares Registered in the Name of a Broker or Bank.*

If on January 5, 2016 your shares were held not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then your shares are held in “street name” and you are the beneficial owner and not the record owner of the shares. If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Please complete and mail that proxy card to ensure that your vote is counted. Alternatively, you may vote over the Internet, if instructed by your broker or bank that you may do so. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials or contact your broker or bank to request such a proxy form.

### *Who can vote at the Annual Meeting?*

Only stockholders of record at the close of business on January 5, 2016, the record date, are entitled to notice of, and to vote at, the annual meeting or any adjournment or postponement of the meeting. On the record date, we had outstanding 18,873,679 shares of common stock, each of which is entitled to one vote upon each of the matters to be presented at the meeting.

See “Do I have to attend the meeting to vote” above for more information regarding voting.

### *What is the quorum requirement?*

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by stockholders present at the meeting or present by proxy. On the record date, there were 18,873,679 shares outstanding and entitled to vote. Thus, 9,436,840 shares must be represented by stockholders present at the meeting in person or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

## [Table of Contents](#)

### *How are votes counted?*

Votes will be counted by the inspector of election appointed for the meeting, who will separately count “For” and “Withhold” and, with respect to proposals other than the election of directors, “Against” votes, abstentions and broker non-votes. Abstentions and broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker in “street name”, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. Discretionary items are proposals considered routine on which your broker may vote shares held in street name in the absence of your voting instructions. Non-discretionary items are matters such as mergers, stockholder proposals, executive compensation and elections of directors. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

### *What if I return a proxy card but do not make specific choices?*

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted “For” our two nominees for director and “For” ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2016 fiscal year.

### *Can I change my vote after submitting my proxy?*

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy vote with a later date which must be delivered in person at the meeting or by mail or any other method specified by the record holder if your shares are held in street name.
- You may send a written notice that you are revoking your proxy to our Secretary, Nathaniel S. Gardiner, c/o Enanta Pharmaceuticals, Inc., 500 Arsenal Street, Watertown, Massachusetts 02472.
- You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

### *What is the vote required for a proposal to pass?*

#### Proposal 1

The affirmative vote of the holders of a plurality of the shares represented in person or by proxy is required for the election of directors. Broker non-votes and proxies marked to withhold authority with respect to the election of one or more Class III directors will not be voted with respect to the director indicated. The two director nominees receiving the highest number of votes will be elected.

#### Proposal 2

The affirmative vote of the holders of a majority of votes cast at the meeting is required for approval of the vote to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2016 fiscal year. Proxies marked as abstentions on such matter will not be voted, although they will be counted for purposes of determining whether there is a quorum at the meeting. Abstentions and broker non-votes will have no effect on the voting outcome.

## [Table of Contents](#)

### *How can I find out the results of the voting at the Annual Meeting?*

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in a Current Report on Form 8-K, or Form 8-K, that we expect to file with the Securities and Exchange Commission, or SEC, within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the annual meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

### *Who is paying for this proxy solicitation?*

We will pay for the entire cost of soliciting proxies. In addition to mailing the proxy materials, our officers, directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Officers, directors and employees will not be paid any additional compensation for soliciting proxies. We may also utilize the assistance of third parties in connection with our proxy solicitation efforts and we would compensate such third parties for their efforts.

### **Implications of being an “emerging growth company”.**

We are an “emerging growth company” as that term is used in the Jumpstart Our Business Startups (JOBS) Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about the company’s executive compensation arrangements. In addition, we are not required to conduct non-binding advisory votes on executive compensation. We will remain an emerging growth company until the earliest of (1) September 30, 2018 (the last day of the fiscal year following the fifth anniversary of the completion of our initial public offering), (2) the last day of the fiscal year in which we have total annual gross revenue of at least \$1.0 billion, (3) the last day of the fiscal year in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior March 31st, and (4) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

### **Householding of Annual Meeting Materials.**

Some banks, brokers and other nominee record holders may be “householding” our proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you call or write us at our principal executive offices, 500 Arsenal Street, Watertown, Massachusetts 02472, Attn: Investor Relations, telephone: (617) 607-0710. In the future, if you want to receive separate copies of the proxy statement or annual report to stockholders, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and telephone number.

### **No Appraisal Rights.**

There are no appraisal rights associated with any of the proposals being considered at the annual meeting.

**BENEFICIAL OWNERSHIP OF COMMON STOCK**

The following table and footnotes set forth certain information regarding the beneficial ownership of our common stock as of December 1, 2015 by (i) persons known by us to be beneficial owners of more than 5% of our common stock, (ii) each of our current executive officers named in the Summary Compensation Table included in “Executive Compensation” below, (iii) our current directors and (iv) all our current executive officers and directors as a group. The percentage of shares beneficially owned is computed on the basis of 18,795,071 shares of our common stock outstanding as of December 1, 2015.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC and includes voting or investment power with respect to our common stock. Shares of our common stock that a person has the right to acquire within 60 days of December 1, 2015 are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. Except as otherwise indicated in the footnotes below, we believe the persons and entities in this table have sole voting and investing power with respect to all of the shares of our common stock beneficially owned by them, subject to community property laws, where applicable. Except as otherwise indicated in the footnotes below, the address of the beneficial owner is c/o Enanta Pharmaceuticals, Inc., 500 Arsenal Street, Watertown, MA 02472.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Our executive officers and directors and persons who own beneficially more than 10% of our equity securities are required under Section 16(a) of the Securities Exchange Act of 1934 to file reports of ownership and changes in their ownership of our securities with the SEC. They must also furnish copies of these reports to us. Based solely on a review of the copies of reports furnished to us and written representations that no other reports were required, we believe that for our 2015 fiscal year our executive officers, directors and 10% beneficial owners complied with all applicable Section 16(a) filing requirements.

## PROPOSAL 1

### Election of Directors

Our Board of Directors has fixed the number of directors at six. Under our charter, our Board is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of one class expires, with their successors being subsequently elected to a three-year term, at each annual meeting of stockholders. At the 2016 annual meeting, the two nominees named in this proxy statement as Class III Directors will be elected to hold office for three years until their successors are elected and qualified. The Board has nominated Ernst-Günter Afting, M.D., Ph.D. and Stephen Buckley, Jr. for election as Class III Directors at the upcoming annual meeting. Dr. Afting and Mr. Buckley are independent directors as defined by applicable NASDAQ Stock Market standards governing the independence of directors. Each nominee has consented to serve, if elected. If any nominee is unable to serve, proxies will be voted for any replacement candidate nominated by our Board of Directors.

### Votes Required

Directors will be elected by a plurality of the votes cast by the stockholders entitled to vote on this proposal at the meeting. Broker non-votes and proxies marked to withhold authority with respect to one or more Class III directors will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the election.

### Nominees for Director and Current Directors

The following table contains biographical information as of December 1, 2015 about the nominees for Class III Director and current directors whose terms of office will continue after the annual meeting. The table includes information provided by the directors individually as to their age, current position, principal occupation and experience for the past five years, and the names of other publicly-held companies for which they currently serve as a director or have served as a director during the past five years.

Current SEC rules require us to discuss briefly the specific experience, qualifications, attributes or skills that led the Board to conclude that each director or nominee for director should serve on our Board of Directors. We have provided this discussion in a separate paragraph immediately below the biographical information provided for each director.

As you read the disclosure, please keep in mind that any specific qualification, attribute or skill that is attributed to one director should not necessarily imply that other directors do not possess that qualification, attribute or skill. Furthermore, this disclosure does not impose on any director any duties, obligations or liability that are greater than the duties, obligations, and liability imposed on each other member of the Board.

Because the discussion of the specific experience, qualifications, attributes or skills of a director is to be made each year in light of the Company's business and structure at that time, the content of this discussion may change for one or more directors in future years.

**PROPOSAL 2**

**Ratification of Independent Registered Public Accounting Firm**

The firm of PricewaterhouseCoopers LLP, an independent registered public accounting firm, has audited our financial statements for each of the years ended September 30, 2015, 2014 and 2013. Our Audit Committee has appointed them to serve as our auditors for the fiscal year ending September 30, 2016. Detailed disclosure of the audit and tax fees we paid to PricewaterhouseCoopers LLP in 2015 and 2014 may be found in “Audit Fees” below. Based on these disclosures and information in the Audit Committee Report provided elsewhere in this proxy statement, our Audit Committee is satisfied that PricewaterhouseCoopers LLP is sufficiently independent of management to perform its duties properly. Although not legally required to do so, our Board considers it desirable to seek, and recommends, stockholder ratification of our selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2016. If the stockholders fail to ratify our selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of Enanta and its stockholders.

WE RECOMMEND A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP

## CORPORATE GOVERNANCE

### Board and Committee Matters

*Board Leadership and Independence.* Our Board of Directors has determined that each of the current directors, as well as those standing for re-election, are independent directors as defined by applicable NASDAQ Stock Market standards governing the independence of directors, except for Jay R. Luly, our President and Chief Executive Officer. In December 2015, based on the recommendation of our Nominating and Governance Committee, our Board of Directors elected Bruce L.A. Carter to be our non-executive Chairman of the Board. Dr. Carter has served as one of our independent directors since November 2013. Previously, since becoming a public company in 2013, we had had an independent director, Terry Vance, serve as our lead director. Dr. Luly continues to be responsible for setting the strategic direction for our Company and the day-to-day leadership and performance of the Company.

*Board Meetings and Committees.* Our Board of Directors held 5 meetings during 2015, and the independent directors held executive sessions at 4 of the meetings of the Board. During 2015, each of the directors then in office attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings of the committees of the Board of Directors on which such director then served. Continuing directors and nominees for election as directors in a given year are required to attend the annual meeting of stockholders, barring significant commitments or special circumstances. All of our directors attended our 2015 annual meeting of stockholders.

*Stockholder Communications.* Any stockholder wishing to communicate with our Board of Directors, a particular director or the chair of any committee of the Board of Directors may do so by sending written correspondence to our principal executive offices, to the attention of the Chairman of the Board. All such communications will be delivered to the Board of Directors or the applicable director or committee chair.

During 2015, our Board of Directors had three standing committees: Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

#### *Audit Committee.*

Our Audit Committee's responsibilities include:

- appointing, approving the compensation of and assessing the independence of our registered public accounting firm;
- overseeing the work of our registered public accounting firm, including through the receipt and consideration of reports from such firm;
- reviewing and discussing with management and the registered public accounting firm our annual and quarterly financial statements and related disclosures;
- monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- overseeing our risk assessment and risk management policies;
- establishing policies regarding hiring employees from the registered public accounting firm and procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with our registered public accounting firm and with our management;
- reviewing and approving or ratifying any related person transactions; and
- preparing the Audit Committee Report required by Securities and Exchange Commission, or SEC, rules.

The members of our Audit Committee are Dr. Afting and Messrs. Buckley and Vance. Mr. Buckley chairs our Audit Committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and NASDAQ. Our Board has determined that Mr. Buckley is an Audit Committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of NASDAQ. Our Board has determined that each of Dr. Afting and Messrs. Buckley and Vance are independent under the applicable rules of NASDAQ and under the applicable rules of the SEC. The Audit Committee held 5 meetings during 2015. The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and NASDAQ. A copy of the Audit Committee charter is available in the “Investors – Corporate Governance” section of the Company’s website at [www.enanta.com](http://www.enanta.com).

### *Compensation Committee.*

Our Compensation Committee’s responsibilities include:

- annually reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer;
- reviewing and approving, or making recommendations to our board of directors with respect to, the compensation of our chief executive officer and our other executive officers;
- overseeing an evaluation of our senior executives;
- overseeing and administering our cash and equity incentive plans;
- reviewing and making recommendations to our board of directors with respect to director compensation; and
- reviewing and discussing annually with management our executive compensation disclosure, and the Compensation Committee Report, required by SEC rules.

The current members of our Compensation Committee are Drs. Carter and Golumbeski and Mr. Vance. Dr. Carter chairs our Compensation Committee. None of the members of our Compensation Committee has at any time been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the Board or Compensation Committee of any entity that has one or more executive officers on our Board or Compensation Committee. Each of the members of our Compensation Committee is independent under the applicable rules and regulations of NASDAQ, is a “non-employee director” as defined in Rule 16b-3 promulgated under the Exchange Act and is an “outside director” as that term is defined in Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, or Section 162(m). The Compensation Committee held 6 meetings during 2015. The Compensation Committee operates under a written charter adopted by the Board, which is available in the “Investors – Corporate Governance” section of our website at [www.enanta.com](http://www.enanta.com).

### *Nominating and Corporate Governance Committee.*

Our Nominating and Corporate Governance Committee’s responsibilities include:

- identifying individuals qualified to become members of our board of directors;
- recommending to our board of directors the persons to be nominated for election as directors and to each of our board’s committees;
- reviewing and making recommendations to our board of directors with respect to our board leadership structure;

- overseeing an annual self-evaluation by our board of directors.

## [Table of Contents](#)

The members of our Nominating and Corporate Governance Committee are our independent directors, namely Drs. Afting, Carter and Golumbeski and Messrs. Buckley and Vance. Mr. Vance chairs the Nominating and Corporate Governance Committee. Each of the members of our Nominating and Corporate Governance Committee is an independent director under the applicable rules and regulations of NASDAQ relating to Nominating and Corporate Governance Committee independence. The Committee held one meeting during 2015. The Nominating and Corporate Governance Committee operates pursuant to a written charter, which is available in the “Investors – Corporate Governance” section of our website at [www.enanta.com](http://www.enanta.com).

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and the Chief Executive Officer. In 2013 it also established a subcommittee consisting of Messrs. Vance and Buckley (the “Nominating Subcommittee”) to work with an independent recruiting firm and Dr. Luly to help identify and recruit additional candidates, which resulted in the recruitment of Drs. Carter and Golumbeski. Additionally, in selecting nominees for directors, the Nominating and Corporate Governance Committee will review candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the committee and/or recommended by the Board. Any stockholder who wishes to recommend a candidate for consideration by the committee as a nominee for director should follow the procedures described later in this proxy statement under the heading “Stockholder Matters-Stockholder Recommendations for Director Nominations.” The Nominating Subcommittee will also consider whether to nominate any person proposed by a stockholder in accordance with the provisions of our bylaws relating to stockholder nominations as described later in this proxy statement under the heading “Stockholder Matters-Deadline for Stockholder Proposals and Director Nominations.”

The process used by the Nominating Subcommittee in 2013 is representative of the process the Board will likely use for future director searches. In 2013, the Nominating Subcommittee started the director search process by identifying a mix of types of experience and personal characteristics that the Nominating Subcommittee considered most valuable to complement the skills and experience of existing directors. Once the Nominating Subcommittee had identified prospective nominees, the Subcommittee then made an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination was based on the information provided to the Subcommittee in a report from the recruiting firm, as well as the Subcommittee’s own knowledge of the prospective candidate. The preliminary determinations were based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee could satisfy the evaluation factors described below. The Subcommittee then evaluated the prospective nominees against the standards and qualifications set out in our Corporate Governance Guidelines, which include among others:

- the extent to which the prospective nominee’s skills, experience and perspective add to the range of talent appropriate for the Board and whether such attributes are relevant to our business and industry;
- the prospective nominee’s ability to dedicate the time and resources sufficient for the diligent performance of Board duties;
- whether the prospective nominee meets the independence requirements and Audit Committee and Compensation Committee qualifications defined under applicable NASDAQ Stock Market standards and if appropriate, the Audit Committee financial expert requirements defined under applicable SEC rules and regulations; and
- the extent to which the prospective nominee holds any position that would conflict with a director’s responsibilities to Enanta.

Although the Committee does not have a formal policy for considering diversity in identifying nominees for director, it has sought a variety of occupational and personal backgrounds on the Board in order to obtain a range of viewpoints, perspectives and skills.

If the Nominating Subcommittee’s initial evaluation was positive, the members of the Nominating Subcommittee each interviewed the candidate. Upon completion of this evaluation and interview process, the

## [Table of Contents](#)

Nominating Subcommittee made a recommendation to the full Board as to whether the candidate should be nominated by the Board and invited other directors to interview the candidate in person or by phone. The Board then determined whether to approve the nominee after considering the recommendation and report of the Nominating Subcommittee.

In November 2015, the Nominating and Corporate Governance Committee established a new subcommittee (the “2016 Nominating Committee”) for the purpose of determining the director nominees for election at the 2016 annual meeting of stockholders. The 2016 Nominating Committee consists of Drs. Carter and Golumbeski and Mr. Vance, who are all of the independent directors whose terms are not expiring at the 2016 annual meeting. In January 2016, the 2016 Nominating Committee approved the director nominees for election at the 2016 annual meeting.

*Risk Oversight.* The Board’s role in our risk oversight process includes receiving reports from time to time from the Audit Committee on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks.

### **Certain Relationships and Related Transactions**

#### ***Policy on Related Person Transactions***

Our Board of Directors has adopted a written Policy on Related Person Transactions that sets forth our policies and procedures for the reporting, review, and approval or ratification of each related person transaction. Our Audit Committee is responsible for implementing this policy and determining that any related person transaction is in our best interests. The policy applies to transactions and other relationships that would need to be disclosed in this proxy statement as related person transactions pursuant to SEC rules. In general, these transactions and relationships are defined as those involving a direct or indirect interest of any of our executive officers, directors, nominees for director and 5% stockholders, as well as specified members of the family or household of any of these individuals or stockholders, where we or any of our affiliates have participated in the transaction (either as a direct party or by arranging the transaction) and the transaction involves more than \$120,000. In adopting this policy, our Board expressly excluded from its coverage any transactions, among others, involving compensation of our executive officers or directors that it or our Compensation Committee has expressly approved.

Our ongoing collaboration with AbbVie is governed by our collaboration agreement entered into in 2006, which included AbbVie’s purchase of stock that now constitutes 5.7% of our outstanding common stock. The collaboration agreement was amended in fiscal 2015, primarily to confirm the portions of the net sales of AbbVie’s combination therapies for hepatitis C virus infection that will be allocated to one of our collaboration’s protease inhibitors for purposes of calculating our previously agreed royalties. We have not engaged in any other transactions with related persons since the beginning of our 2015 fiscal year.

#### ***Compensation Committee Interlocks and Insider Participation***

During 2015, the Compensation Committee members were Mr. Vance and Drs. Carter and Golumbeski, none of whom currently is, or formerly was, an officer or employee of Enanta. None of our executive officers served as a member of the Board of Directors or Compensation Committee of any other company that had one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

- (1) The amounts in the “Stock Awards” column reflect the grant date value of relative total stockholder return units, or rTSRUs, awarded during the fiscal year, computed in accordance with the provisions of ASC 718. The fair values for rTSRU awards are estimated as of the date of grant using a lattice model with a Monte Carlo simulation. Assumptions used in this calculation are included on page F-25 in footnote 10 of our 2015 Annual Report on Form 10-K. The amounts do not include any value for performance share units, or PSUs, awarded during the fiscal year because there was no compensation expense related to these awards as none of the performance-based targets was probable of being achieved during the year. Further details on these awards and how the grant date fair values are determined can be found in the Outstanding Equity Awards at Fiscal Year-End 2015 Table. The value of the maximum payout possible for the 2015 rTSRU awards based on the value at the date of grant and the maximum number of units issuable based on performance would be \$450,670, \$193,523 and \$172,315 for Drs. Luly and Or and Mr. Mellett, respectively. The value of the maximum payout possible for the 2015 PSU awards based on the value at the date of grant and the maximum number of units issuable based on performance would be \$610,300, \$262,070 and \$233,350 for Drs. Luly and Or and Mr. Mellett, respectively.
- (2) The amounts in the “Option Awards” column reflect the aggregate grant date fair value of stock options granted during the fiscal year computed in accordance with the provisions of ASC 718.
- (3) Includes employer matching contributions under our 401(k) plan of \$13,188, \$10,750 and \$4,000 for each of our named executive officers in fiscal 2015, 2014 and 2013, respectively. Also includes company-paid premiums for group term life insurance, short term disability and accidental death and dismemberment insurance and reimbursement for the cost of long-term disability insurance in the aggregate amounts of \$2,518, \$619 and \$439 for each of our named executive officers in fiscal 2015, 2014 and 2013, respectively.

## **Narrative Disclosure to Summary Compensation Table**

### ***Amended and Restated Employment Agreements***

In February 2013 we entered into amended and restated employment agreements, which became effective upon the closing of our initial public offering, with Dr. Luly, Dr. Or and Mr. Mellett, which provide for base salaries at their current annual rates \$546,371, \$388,901 and \$362,570, respectively. In addition, according to the terms of their agreements, Dr. Luly, Dr. Or and Mr. Mellett are eligible for target performance bonuses of 55%, 40% and 40%, respectively, of their respective base salaries. The agreements with Dr. Luly, Dr. Or and Mr. Mellett also provide for severance benefits if their employment is terminated under specified circumstances, which are discussed further below under “Potential Payments Upon Termination, Including Termination After a Change in Control Transaction”.

### ***Executive Compensation Elements***

The following describes the material terms of the elements of our executive compensation program during 2015.

#### *2015 Base Salaries*

As of October 1, 2014, the base salaries of Dr. Luly, Dr. Or. and Mr. Mellett salaries were at \$491,620, \$366,600 and \$323,420, respectively. As of January 1, 2015 their respective base salaries were increased by three percent and, in the case of Dr. Luly and Mr. Mellett, were increased by additional amounts to be in line with the 50<sup>th</sup> percentile of a selected peer group of companies. After giving effect to this increase, the base salaries of Dr. Luly, Dr. Or and Mr. Mellett were \$530,457, \$377,574 and \$352,010, respectively.

#### *2015 Variable Compensation*

Each named executive officer is eligible for variable compensation based upon the achievement of certain corporate performance objectives approved by our Compensation Committee and, in the case of executives other than our chief executive officer, individual performance. Our chief executive officer’s variable compensation is based entirely on the company’s performance relative to the corporate objectives.

The target level of variable compensation is set as a percentage of the executive officer’s base salary. During 2015 Dr. Luly, Dr. Or and Mr. Mellett were eligible for targeted performance bonuses of 55%, 40% and 35% of their respective base salaries.

At the beginning of each year, our Compensation Committee after considering the recommendations of management and our overall strategic goals sets our corporate objectives for the year and the proportional emphasis placed on each objective. These objectives generally relate to factors such as research and development objectives and other factors primarily within management’s control. Our Compensation Committee determines the level of achievement of the corporate objectives for each year. This achievement level is then applied to the portion of each named executive officer’s target bonus determined by corporate performance for that year. In the case of our named executive officers other than our chief executive officer, 50% of the annual bonus in 2015 was based on corporate performance and 50% was based on individual performance.

All final variable compensation paid to our named executive officers is determined by our Compensation Committee, which retains full discretion to adjust individual target awards. The actual variable compensation, if any, awarded in a given year may vary above or below target, depending on individual performance and the achievement of corporate objectives and may also vary based on other factors at the discretion of our Compensation Committee. However, an actual bonus would normally only exceed the target percentage for the executive if there were extraordinary performance during the year, as determined by our Compensation Committee.

## [Table of Contents](#)

For 2015, the corporate performance objectives generally fell into the categories of progress of the research and development pipeline, pipeline growth, successful expansion of the company's laboratories and facilities, expansion of the leadership team and management to the annual budget. In evaluating management's corporate performance compared to the performance objectives for 2015, our Compensation Committee determined to award a corporate achievement level of 100%. This achievement level was then used to determine our chief executive officer's performance bonus and a portion of each named executive officer's bonus. The bonuses paid to our named executive officers for 2015 are set forth in the "Summary Compensation Table" above.

### *2015 Equity Awards*

In December 2014, the Compensation Committee awarded the following options to our named executive officers: Dr. Luly, options to purchase a total of 85,250 shares; Dr. Or, options to purchase a total of 36,500 shares; and Mr. Mellett, options to purchase a total of 32,500 shares. Each of these option awards has a ten-year term and vests quarterly over four years. The option awards have an exercise price per share of \$44.00, the fair market value of our common stock as of the date of grant. After considering alternatives for providing additional incentive to our senior management team based on the performance of the company and its returns for stockholders, in February 2015 the Compensation Committee also awarded our executive officers performance-based and market-based stock unit awards, which will only vest upon achievement of specified milestones by December 31, 2016. The performance-based units, or PSUs, will vest as to percentages of the target number of unit shares only upon achievement of up to three specified research and development milestones by the end of 2016, with the actual number of shares that may be earned ranging from 0% to 200% of the target number. The market-based units (also referred to as relative total stockholder return units, or rTSRUs) will vest as to percentages of the target number of unit shares based on the relative ranking of the total stockholder return of our common stock in relation to the total stockholder return of the component companies in the NASDAQ Biotech Index over the two year period based on a comparison of average closing stock prices in December 2014 and December 2016. The actual number of shares that may vest under the market-based unit ranges from 0% to 200% of the target number. The target number of PSU shares for Drs. Luly and Or and Mr. Mellett were 8,500, 3,650 and 3,250, respectively, and their target number of rTSRU shares were the same amounts.

### *Health and Welfare Benefits*

Our named executive officers are eligible to participate in all of our employee benefit plans, including our medical, dental, vision, group life and disability insurance plans, in each case on the same basis as other employees. We believe that these health and welfare benefits help ensure that we have a productive and focused workforce through reliable and competitive health and other benefits.

### *Retirement Savings*

All of our full-time employees in the United States, including our named executive officers, are eligible to participate in our 401(k) plan. Pursuant to our 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit (which was \$18,000 in calendar 2015), with additional salary deferrals not to exceed \$6,000 available to those employees 50 years of age or older, and to have the amount of this reduction contributed to our 401(k) plan. In addition, in 2015 and 2014 we made matching contributions in the amount of 5% of base salary, up to a maximum of \$13,250 and \$13,000 per year based on our policy of making profit-sharing contribution to each employee's account in amounts ranging from 3% to 6% of base salary and bonus compensation paid in the calendar year, regardless of whether the employee makes a contribution to the 401(k) plan in that year, up to a maximum of \$13,250 and \$13,000. The percentage of the profit sharing contribution above 3% is based on the company's performance for the year. The 401(k) Plan currently does not offer the ability to invest in our securities.

### *Perquisites*

We do not provide significant perquisites or personal benefits to our named executive officers. We do, however, pay the premiums for term life insurance for our named executive officers.

In addition, if any of Dr. Luly, Dr. Or or Mr. Mellett is involuntary terminated without cause or is constructively terminated, and such termination occurs within twelve months of a change of control transaction, these terms as defined in the agreements, all unvested stock options granted to that executive shall immediately become fully vested and exercisable.

The actual number of shares that may be earned ranges from 0% to 200% of the target number.

(a) PSUs will vest upon Enanta's achievement of specified research and development milestones on or before December 31, 2016.

(b) rTSRUs will vest based upon the relative ranking of the total stockholder return, or TSR, of Enanta's common stock in relation to the TSR of each of the component companies in the NASDAQ Biotech Index over a two-year period based on a comparison of average closing stock prices in December 2014 and December 2016.

(2) The market value of awards is based on the target number of awards shown multiplied by the closing price of our common stock on September 30, 2015 (\$36.14), as reported by the NASDAQ Global Select Market.

## AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee with respect to Enanta's audited financial statements for the year ended September 30, 2015.

The purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee Enanta's accounting and financial reporting, internal controls and audit functions. The Audit Committee Charter describes in greater detail the full responsibilities of the Committee and is available in the "Investors – Corporate Governance" section of our website at [www.enanta.com](http://www.enanta.com). The Audit Committee is comprised entirely of independent directors as defined by applicable NASDAQ Stock Market standards.

Management is responsible for our internal controls and the financial reporting process. PricewaterhouseCoopers LLP, our independent registered public accounting firm, is responsible for performing an independent audit of our consolidated financial statements in accordance with the standards established by the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Committee's responsibility is to monitor these processes. The Audit Committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers LLP.

In the course of its oversight of Enanta's financial reporting process, the Audit Committee:

- reviewed and discussed with management and PricewaterhouseCoopers LLP Enanta's audited financial statements for the fiscal year ended September 30, 2015;
- discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, *Communications with Audit Committees*;
- received written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence;
- reviewed with management and PricewaterhouseCoopers LLP Enanta's critical accounting policies;
- discussed with management the quality and adequacy of Enanta's internal controls;
- discussed with PricewaterhouseCoopers LLP any relationships that may impact their objectivity and independence; and
- considered whether the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with its maintaining its independence.

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements be included in Enanta's Annual Report on Form 10-K for the year ended September 30, 2015 for filing with the Securities and Exchange Commission.

By the Audit Committee,

Stephen Buckley, Jr., Chair  
Ernst-Günter Afting, M.D., Ph.D.  
Terry C. Vance

### Audit Fees

PricewaterhouseCoopers LLP, an independent registered public accounting firm, audited our financial statements for the year ended September 30, 2015. The Board of Directors has appointed PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending September 30, 2016. Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting to respond to appropriate questions, and will have the opportunity to make a statement if they desire.

The aggregate fees for audit and other services provided by PricewaterhouseCoopers LLP for fiscal years 2015 and 2014 are as follows:

	<u>2015</u>	<u>2014</u>
Audit Fees(1)	\$435,000	\$437,000
Tax Fees(2)	422,000	28,000
All Other Fees(3)	2,700	4,106
Total	<u>\$859,700</u>	<u>\$469,106</u>

- (1) Audit fees represent fees for professional services provided in connection with the audit of our financial statements and review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings.
- (2) Tax fees were for services related to (a) tax compliance including sales and use taxes and (b) tax planning. The 2015 tax fees consisted of \$28,000 for tax compliance and \$394,000 for tax planning, primarily for a one-time study of over 15 years of research and development expenditures to determine their qualification for income tax credits.
- (3) All other fees include technical research materials.

Our Audit Committee has adopted procedures requiring the pre-approval of all non-audit (including tax) services performed by our independent registered public accounting firm in order to assure that these services do not impair the auditor's independence. These procedures generally approve the performance of specific services subject to a cost limit for all such services. This general approval is to be reviewed, and if necessary modified, at least annually. Management must obtain the specific prior approval of the Audit Committee for each engagement of the independent registered public accounting firm to perform other audit-related or other non-audit services. For engagements for audit-related or tax-related services within a specified dollar limit, the Chair of the Audit Committee has authority to provide such prior approval, and he reports to the full committee whenever he has exercised that authority. The Audit Committee does not delegate its responsibility to approve services performed by the independent registered public accounting firm to any member of management.

The standard applied by the Audit Committee in determining whether to grant approval of any type of non-audit service, or of any specific engagement to perform a non-audit service, is whether the services to be performed, the compensation to be paid therefore and other related factors are consistent with the independent registered public accounting firm's independence under guidelines of the SEC and applicable professional standards. Relevant considerations include whether the work product is likely to be subject to, or implicated in, audit procedures during the audit of our financial statements, whether the independent registered public accounting firm would be functioning in the role of management or in an advocacy role, whether the independent registered public accounting firm's performance of the service would enhance our ability to manage or control risk or improve audit quality, whether such performance would increase efficiency because of the independent registered public accounting firm's familiarity with our business, personnel, culture, systems, risk profile and other factors, and whether the amount of fees involved, or the non-audit services portion of the total fees payable to the independent registered public accounting firm in the period would tend to reduce the independent registered public accounting firm's ability to exercise independent judgment in performing the audit.

In addition, Enanta's Bylaws require a stockholder who wishes to bring business before or propose director nominations at the 2017 Annual Meeting to give advance written notice to Enanta's Secretary not less than 45 days nor more than 60 days before the meeting; *provided, however*, that if less than 60 days' notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the 15<sup>th</sup> day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. Assuming the 2017 Annual Meeting is held on February 11, 2017, this would require that the advance written notice would need to be given between December 13 and December 28, 2016.
