Form 10-K for Fiscal Year Ended September 30, 2023

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations
Results of Operations
Research and development expenses, page 57

1. You disclose that you do not report information regarding costs incurred for your early-stage research and drug discovery programs on a project-specific basis. Please revise your future filings to address the following:

the extent to which you track these costs on a project-specific basis. Revise to clarify or disease-specific

basis. To the extent you do track this information, revise your future filings to break out clinical research and development program expenses by product candidate (i.e. EDP-938, EDP-323). Alternatively, break out the Virology expense line item by disease target (i.e. RSV, HBC, COVID-19).

If you do not track expenses at a more granular level, revise to explain why not.
